

**REMARKS/ARGUMENTS**

Preliminarily, Applicants thank the Examiner for indicating that claims 33-64 are allowable. Accordingly, Applicants note that the new claims that have been added in the instant Response are in-line with the allowable claims.

Reconsideration and allowance of the present application based on the following remarks are respectfully requested. Claims 37, 45-46, 54-56, and 62-62 have been amended. Claim 65 has been cancelled. New claims 66-71 have been added. Support for the amendments may be found throughout the specification. No new matter has been added as a consequence of these amendments.

Claim 56 is rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicants regard as the invention. Accordingly, Applicants submit that claim 56, as amended, and all the pending claims are in full compliance with 35 U.S.C. §112, second paragraph, and 35 U.S.C. §101.

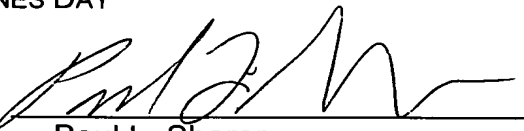

Claim 65 is rejected under 35 U.S.C. §102(b) as being anticipated by ICI (GB 1,149,961). Cancellation of claim 65 renders this rejection moot.

Therefore, all objections and rejections having been addressed, it is respectfully submitted that the present application is in a condition for allowance and a Notice to that effect is earnestly solicited.

Should any issues remain unresolved, the Examiner is encouraged to contact the undersigned attorney for Applicants at the telephone number indicated below in order to expeditiously resolve any remaining issues.

Respectfully submitted,

JONES DAY
